

## Colonial Electric Press Room

### Press Release

#### **ABC Excellence in Construction Electrical Award goes to Colonial Electric**

**Annapolis, Maryland – October 1, 2010.** The Sheraton Annapolis was the location on Wednesday, September 29, 2010 for the Associated Builders and Contractors (ABC) annual Excellence in Construction Awards Banquet. Colonial Electric Co., Inc. took top honors in the electrical category for the work on Gleneagles Apartments in Waldorf, Maryland. Aaron Wood, Project Manager of Gleneagles Apartments was on hand to accept the award.

Gleneagles Apartments consists of eight garden style apartments with a total of 184 units. Colonial's scope of work included the complete electrical systems in all of these buildings and units. Several obstacles emerged during the construction phase of Gleneagles including blizzard conditions, and storage/shipping coordination of over 4,500 fixtures. These hurdles along with a few design changes along the way created a challenge that Colonial overcame to create a successful project.

Harkins Builders, Inc. also received an award for this project as the General Contractor.
