### Press Release

## Colonial Electric Co., Inc. Receives Excellence in Construction Award from Associated Builders and Contractors

**Annapolis, Maryland – September 30, 2009.** A banquet was held at the Sheraton Hotel in Annapolis, Maryland to announce the winners of the Excellence in Construction Award presented by Associated Builders and Contractors (“ABC”). Colonial Electric Co., Inc. took top honors in the electrical category for the entry of Zacharys Jewelers. The judging was based on scope of work, unforeseen conditions, degree of difficulty, challenges that were overcome during the project and if the completion deadline was met. Colonial selected Zacharys Jewelers because of the distinctly unique lighting design that was created using skill, effort, and teamwork from design to installation. “This is a proud moment for the entire Colonial Electric family,” said President and CEO Travis Katski. “I would like to thank Ken Gifford for his leadership on this project. I would also like to thank all of our employees who work tirelessly to make us the best – this award signifies the excellence of our entire team.”

### **About Colonial Electric Company, Inc.**

Colonial Electric Company, Inc. is an established electrical contractor, having been in business for over 40 years. Colonial’s primary type of work is commercial, multifamily, single family, residential and service.
